

CENTENNIAL COMMISSION (1947) [180]

CORRESPONDENCE AND SUBJECT FILES, 1945-1948.

2.5 cu. ft. and 2 microfilm reels

DESCRIPTION: Correspondence of the Centennial Commission makes up the majority of this series, however the series includes numerous subject files. The records were used in the general administration and management of the commission as well as in planning various events, programs, and compiling publications.

In addition to correspondence, these records include: agreements and contracts, a chronology of centennial events, general news stories and speech notes, a prospectus of the centennial exposition, the text of the Kodachrome slide show, a report on the "100 Years of American Painting" exhibit, and minutes with budget information.

ARRANGEMENT: The files are arranged alphabetically by subject.

RESEARCH NOTE: Blue prints of exhibit space and drawings for set of the musical "Blossom Time" have been removed to oversize storage. A poster from series 2227 inadvertently was filmed with this series.

RELATED RECORDS: Correspondence and subject files maintained by divisions of the Centennial Commission are included in series 19317, DIVISION CORRESPONDENCE AND SUBJECT FILES (1939-1948). Correspondence and reports regarding the centennial received by Governor Blood in 1938 and 1939 are filed in series 186, CORRESPONDENCE (1932-1940). Correspondence related to commission meetings may be found in series 19313, MINUTES (1939-1948).

CUSTODY HISTORY: Records of the Centennial Commission originally were deposited with the Utah Historical Society, which in 1949 was designated by Governor J. Bracken Lee as the official repository for the records of the commission. The newly independent Utah State Archives retained custody of the records following its removal from the Historical Society in 1969.

PROCESSING NOTE: Archival processing of these records was completed in January 2000 by W. Glen Fairclough, Jr. The correspondence and subject files subsequently were microfilmed in September 2002. Box 4, oversize materials, also includes oversize items from series 2227 and 19317. See series inventories for details.

CONTAINER LIST
